

LECTURE

WEDNESDAY NIGHT

March 15, 2017

LINDA HAHN AND CHARLOTTE ANGOTTI

Don't Quit your Day Job....Yet!

Don't let the title mislead you into thinking this presentation is just for those looking to make money from quilting - FAR FROM IT. Linda takes you behind the scenes for a look at many areas of the quilting industry.

Most quilters have no idea how their favorite quilt books go from concept to quilter or the process of getting fabric to their cutting tables. What's all the hub-bub with copyright? Why are quilt shops going out of business? Why are teachers so expensive? What's it like to be a traveling teacher? Why do quilt shop owners never get to sew? Let's talk...attendees provide the questions (and believe me, they do) and Linda will answer **WITH NO SUGAR COATING.**

If you're looking for a program with out of the norm, different and interesting content, then this is the one for you! Linda and Charlotte will speak until all questions are answered.

BE PREPARED FOR LOTS OF LAUGHTER!!!

LECTURE

FRIDAY NIGHT

March 17, 2017

GUDRUN ERLA

The Stripology Way

The Stripology ruler was designed by me and since it's release, it has changed quilters lives with its fast, easy, accurate and efficient cutting methods. But the ruler has other superpowers. This lecture will take you through all the tips and tricks behind the phenomenon, show you innovative ways to use the ruler with techniques from the Stripology Squared book as well. The lecture includes a trunk show of multiple quilts from my various books that all come together easily using the Stripology Way.
